

Women and Newborn Health Service

Our Vision

Excellence and leadership in the health care of women and babies in Western Australia

Our Mission is to:

Provide Western Australia's women and babies with world's best practice healthcare, leadership, education and research

We value:

- Commitment to the best achievable health outcomes;
- Integrity, honesty and transparency;
- Compassion and empathy;
- Having the health of the consumer as the prime focus of our service provision;
- Continuous improvement through innovation, research, education and training;
- Mutual respect and equality in collaborative partnerships
