

CLINICAL PRACTICE GUIDELINE

Intercostal catheter

This document should be read in conjunction with the [Disclaimer](#)

See SCGH Nursing Practice Guideline No 13 [Chest Drain Management](#).

Please note that this guideline is for clinical information only. Information contained in it regarding contacts and paperwork (e.g. MR numbers) are not applicable for KEMH.

KEMH Specific:

- KEMH uses Fluid Balance Chart (MR729) and do not use Chest Drain Observation Chart MR855.
- Dressings as per medical instructions.

Keywords:	ICC, intercostal catheter, removal of intercostal catheter, changing ICC canister, insertion of ICC
